**Location:** Boston, MA  
**Job Title:** Electrician (Maintenance)  
**Apply:** <http://ssimain.applicantpro.com/internaljobs/>

**Satellite Services, Inc. (SSI) has an immediate opening for a Maintenance Electrician at our JFK facility in Boston, MA.**

**Job Description:** The Electrician performs a variety of electrical trade functions such as the installation, maintenance, or repair of equipment for the generation, distribution, or utilization of electric energy. Work involves most of the following: installing or repairing a variety of electrical equipment such as generators, transformers, switchboards, controllers, circuit breakers, motors, heating units, conduit systems, or other transmission equipment; working from blueprints, drawings, layouts, or other specifications, locating and diagnosing trouble in the electrical system or equipment, working standard computations relating to load requirements of wiring or electrical equipment, and using a variety of electrician's hand tools and measuring and testing instruments. In general, the work of the maintenance electrician requires rounded training and experience usually acquired through a formal apprenticeship or equivalent training and experience. In addition to the types of work listed above some examples of work that may be included: assisting with custodial work, parts and material storage and inventory, equipment operational status checks, and other general duties. All duties must be performed within the specified safety regulations of the company and the position. May perform other duties as assigned.

**Physical Requirements:** This position requires the individual to work both inside and outside, sometimes in inclement weather conditions. Ability to lift 50lbs and in some instances more; capable of performing both pushing and pulling motions and other repetitive motions. Requires lifting, prolonged, sitting, standing, bending, kneeling and ability to work in cramped/confined spaces. In addition, the use of ladders may be required, which includes the ability to use/carry ladders, lift and climb ladders of up to 30ft. in length.

**Required Job Qualifications:**

- HS Diploma or Equivalent
- Security Clearance (or ability to obtain upon hire)
- Commercial Driver's License

**Desired Job Qualifications:** Associates or Bachelor's degree, electrical engineering, mechanical engineering or other related field of study; Three to five years in electrical maintenance and repair in an industrial setting is preferred; Master Electrician License is a plus.

**Necessary Licenses or Certifications:** Valid Electrician's License / State Journeyman's Certificate

**Work Schedule:**

- Full-Time (40 hours per week)
- Position may require some shift work and work on Holidays, Saturday and Sunday

**How to Apply:** To express interest in this job assignment apply on-line at: <https://ssimain.applicantpro.com/internaljobs/> .

**Wage Rate:** \$50.46/hour, plus company Health and Welfare Benefits contribution in accordance with the CBA.

**Posting date:** March 25, 2022

**Closing date:** March 31, 2022
